

## Alfabetische lijst van indicaties :

### [incompleet]

[Engels, veelal medische terminologie]

- [W.H.O. World Health Organisation e.a.]
- [W.G.O. Wereld Gezondheid Organisatie e.a.]  
in blauw gemarkeerd

Nb:

In onderstaande lijst ontbreekt er een verdere differentiatie w.b. behandeling en resultaat. Soms totale genezing, soms slechts palliatief. Zoek verder op de website voor meer informatie of stuur een e-mail. Bellen kan ook natuurlijk.

### **A-** Abdominal pain

- Acne vulgaris
- Addiction
- Alcohol dependence & detoxification
- Allergic Rhinitis [incl. hay fever]
- Allergy
- Amnesia
- Anemia
- Anxiety
- Aphonia
- Apoplexie, CVA
- Arthralgia
- Arthritis
- Asthma

### **B-** Bell's palsy, early stage

- Biliary colic
- Bronchial asthma
- Bronchitis, acute & chronic
- Burnout

### **C-** Cancer pain

- Cardiac neurosis
- Cataracts, simple
- Cervicobrachial syndrome
- Chemotherapy, effect of
- Childbirth, problems after
- Cholecystitis, chronic with acute exacerbation
- Cholelithiasis
- Chronic Fatigue
- Colitis, acute & chronic
- Common cold
- Competative stress syndrome
- Conjunctivitis, acute
- Constipation
- Cough [incl. whooping-]
- Craniocerebral injury, closed
- Cystitis

### **D-** Delivery [and problems after]

- Depression [incl. depressive neurosis and depression following stroke]
- Diabetis mellitus, non-insulin-dependent
- Diarrhoea
- Dizziness
- Duodenal ulcer, acute [without complications]
- Duodenal ulcers, chronic/ pain relief
- Dysentery, acute bacillary
- Dysmenorrhoea, primary
- Dystrophy, reflex sympathetic

### **E-** Earache

- Eclampsia
- Enuresis
- Epicondylitis [tennis elbow]
- Epidemic haemorrhagic fever
- Epigastralgia, acute [peptic ulcer, acute and chronic gastritis and gastrospasm]
- Epistaxis, simple [ without generalised or local disease]
- Epstein Barr virus, chronic
- Eye pain due to subconjunctival infection

### **F-** Facial neuralgia

- Facial pain [incl. craniomandibular disorders]
- Facial spasm
- Fascitis
- Fatigue, chronic
- Female infertility
- Female urethral syndrome
- Fibromyalgia
- Fobias
- Frigidity
- Frozen shoulder

<p><b>G-</b> Gastric hyperacidity Gastritis, acute &amp; chronic Gastrokinetic disturbance Gastroptosis Gingivitis Gouty arthritis</p>	<p>Mental disorders Morning sickness Myalgic Encephalomyelitis Myopia, in children</p>
<p><b>H-</b> Haemorrhoids Headache Heartburn Heart, palpitations Hemiplegia [early stage] Hepatitis B virus carrier status Herpes Zoster [human[alpha]herpesvirus3] Hiccough Hyperlipaemia Hypertension, essential Hypo-ovarianism Hypotension, primary</p>	<p><b>N-</b> Nasosinusitis, acute Nausea and vomiting Neck pain Neuralgia, post-herpetic Neuralgia, facial/ intercostal Neurodermatitis Neurogenic bladder dysfunction Nocturnal enuresis</p>
<p><b>I-</b> Impotence Incontinence Induction of labour Infertility Influenza Insomnia Intercostal neuralgia Irritable bowel syndrome</p>	<p><b>O-</b> Obesity Oedema Oesophagus, spasms Opium, cocaine, heroin dependence Osteoarthritis</p>
<p><b>J-</b> Joint pain</p>	<p><b>P-</b> Postoperative pain/ convalescence Pain, cancer Pain due to endoscopic examination Painful urination syndrome Pain in dentistry [incl.dental pain and temporomandibular dysfunction] Paralysis, some forms of Paralytic ileus/ intestinal obstruction Pareses, following a stroke Pain in thromboangiitis obliterans Periarthritis of shoulder Peripheral neuropathy Pertussis [whooping cough] Pharyngitis, acute &amp; chronic Polycystic-ovary syndrome [Stein-Leventhal syndrome] Post-extraction pain Postextubation in children Post-natal depression Premenstrual syndrome [PMS] Prostatitis, chronic Pruritis Psychological disorders</p>
<p><b>K-</b> Knee pain</p>	<p><b>Q-</b> -</p>
<p><b>L-</b> Labour, induction of Labour pain Lactation, irregularities Leucorrhoea Leukopenia Lochial discharge, persistent Lower urinary tract infection, recurrent Lumbago, low-back pain</p>	<p><b>R-</b> Radicular &amp; pseudoradicular pain syndrome Radiotherapy, effect of Raynaud syndrome, primary Reflex sympathetic dystrophy Renal colic Retention of urine, traumatic</p>
<p><b>M-</b> Male sexual dysfunction, non-organic Malposition of fetus Masses, abdominal e.a. Mastitis, acute Ménière's disease Migraine Miscarriage [habitual/ threatened] Manic-depressive disorder Menopause Menstrual irregularities/ pain</p>	

Retinitis, central choroido  
Rheumatoid arthritis  
Rhinitis, acute/ allergic

**S-** Schizophrenia

Sciatica  
Sequelae of poliomyelitis [early stage]  
Sequelae of stroke/ C.V.A. [early stage]  
Sialism, drug-induced  
Sinusitis  
Sjögren syndrome  
Slipped disc [herniated intervertebral disc]  
Somnolence  
Sore throat [incl. tonsillitis]  
Spine pain, acute  
Sprain  
Stiff neck, pain  
Stress  
Stroke/ C.V.A.  
Sweating, excessive

**T-** Temporomandibular joint dysfunction

Tennis elbow, epicondylitis  
Thyroid problems  
Tightness chest  
Tietze syndrome  
Tobacco dependence  
Toothache, post-extraction pain  
Tonsillitis, acute  
Torticollis  
Tourette syndrome  
Trigemial neuralgia

**U-** Ulcers, duodenal/ peptic

Ulcerative colitis, chronic  
Urinary difficulty/ retention  
Urolithiasis

**V-** Vascular dementia

**W-** Whooping cough [pertussis]

Whiplash injury

**X-** -

**Y-** -

**Z-** -
